CONTENT

INTRODUCTION	11
THEORETICAL CONSIDERATIONS	
- DEVELOPMENT AND TRENDS IN ONLINE EDUCATION	15
E-Learning and Learning Management Systems	15
Synchronous and asynchronous teaching	23
Contemporary and Integrative Approach to Online Education	25
How Communities of Inquiry Drive Teaching and Learning in the Digital Age	29
The evolution of the community of inquiry model	30
Best practices in social, teaching, and cognitive presences	35
The growth of peer-to-peer learning and peer assessment and communities of inquiry	38
Learning analytics, personalized learning and adaptive assessment	38
The future of communities of inquiry and emerging technologies	41
Moving forward with the community of inquiry model	42
COMMUNICATION IN E-EDUCATION	45
Specificities and advantages of mutual communication in shaping a research community	46
Content and relationships in a virtual environment	48
How to achieve active engagement of individuals and effective application of communication principles in a virtual space	49
Virtual communication of individuals, group dynamics, and virtual education	50
Communicating and social interactions in an on-line education	52
Persuasive communication in e-learning	58

The community of inquiry model training using the cognitive apprenticeship approach to improve students' learning strategy in the asynchronous discussion forum	75
BUSINESS - ORGANIZATIONAL ASPECTS	
OF PLANNING ONLINE EDUCATION	81
Preparing a strategy for the development of online education	81
General aspects of strategic planning	81
Strategic planning of e-learning	108
ECONOMIC ASPECTS OF E-LEARNING	113
Types of Costs in E-Learning	113
Costs of e-learning in an educational organization	115
Costs in traditional and e-learning	120
Savings in e-learning	123
Business efficiency	125
EVALUATION OF ON-LINE COURSES	129
Evaluation and monitoring system in distance education	132
Evaluation of on-line courses developed at the Faculty of business studies and law and Faculty of information tehnology	136
COPYRIGHT LAW AND E-LEARNING	145
The beginnings of copyright law	145
International conventions and treaties	146
Copyright in the Republic of Serbia	149
Copyright and e-Education	155
EMPIRICAL RESEARCH	157
Research methodology	157
The procedure	158
The sample of the research	158
Research methods	161
Research instruments	161
Principal Component Analysis of the Community of Inquiry Assessment Scale	162

RESULTS AND DISCUSSION	167
General parameters of online education	167
Parameters of online education based on the field of study	171
Platforms and tools for online education in relation to the field of study	171
Elements of online teaching by fields of education	173
Advantages and Disadvantages of Online Teaching	175
The results of the closed-ended section of the questionnaire	176
The results of the open-ended section of the questionnaire	178
Advantages of online education	178
Advantages of online education based on student responses	180
Advantages of online education based on professors' responses	183
Disadvantages in online teaching	185
Disadvantages of online education based on student responses	186
Disadvantages of online teaching based on professors' answers	191
Effectiveness and satisfaction with online teaching	195
Community of Inquiry in online education	197
Correlations and intersections of aspects of online teaching	201
Aspects of online teaching in relation to the synchronicity of teaching	201
Advantages of online teaching in relation to synchronicity	202
Disadvantages of online education in relation to synchronicity	203
Community of Inquiry, effectiveness, and satisfaction with online teaching in relation to synchronicity	204
Aspects of online education in relation to fields of study	205
Advantages of online education across educational fields	206
Disadvantages of online education by field of study	208
Effectiveness and satisfaction with online education across fields of study	210
Community of inquiry in online education in relation to fields of study	211
Correlations of online teaching aspects	211
 DISCUSSION OF RESULTS	 215
Discussion of General Parameters of Online Education	215
Discussion on the advantages and disadvantages of online education	219

Discussion on the effectiveness and satisfaction with online teaching	227
The discussion on the community of inquiry in online teaching	228
Discussion on aspects of online education in relation to the synchronicity of teaching	232
Discussion on Aspects of Online Education Compared to Traditional Education Fields	236
Discussion on correlations of aspects of online education	240
CONCLUSION	243
LITERATURE	251
APPENDICES	265
APPENDIX 1 – Transcripts of open-ended responses by STUDENTS regarding the advantages and disadvantages	265
APPENDIX 2 - Transcripts of open-ended responses from TEACHERS regarding the advantages and disadvantages of online teaching	277
APPENDIX 3 – Student Questionnaire	283
APPENDIX 4 – Professors Questionnaire	287
GLOSSARY OF TERMS USED	289
DEFINITION AND EXPLANATION OF KEY TERMS	291
